TRINITY CONSTRUCTION

- New Construction
- Renovations / Additions
- Negative Air Scrub
- Roofing Inspections
- About Trinity
- For Clients

Trinity Construction, Inc.

"Vibrant company that is current on technology and business. Existing customers should look at the site and feel good about dealing with us and giving us new work."

Suzanne Perkins
Sotheby's International Realty

"The Bitterness of poor quality remains long after the sweetness of a low price is forgotten. If you always go for the lowest possible bidder, you'll get the lowest quality. Pay a little more now, save a lot more later on."

Trinity Commercial Construction Inc. was created to help our clients turn their visions into reality, whether it is new construction, additions, or renovation projects. Our commitment to the construction process has earned our firm strong client relationships and the ability to expand our expertise into highly technical projects. We specialize in commercial and industrial design/build projects.

New Construction
Regardless of the method, type, or size of project, Trinity delivers quality work on time and within budget.

[Read More](#)

Negative Air Scrub
A negative pressure environment will help to contain the toxic particles within the workspace.

QUATTRO 4.0 QUICK START GUIDE

Neckloop with Removable Bluetooth Mic (BT4)

GETTING FAMILIAR

Main Base Unit

Home Screen: The screen displays the following information:

- a) Devices connected to the Quattro 4.0
- b) Headphones plugged into the Quattro 4.0
- c) Battery charge level.

The Home Screen display remains for approximately 8 seconds, then goes dark. To activate the screen, simply tap the Touch Function Key (TFK).

TFK Touch Function Key: The touch sensor is used to answer & end phone calls. It activates the LCD screen to view. It pauses & plays music. Tap twice to activate the voice control for the second device.

Volume & Scroll Touch Keys: These keys are used to turn the volume up or down and to scroll through the menu or skip forward & back when listening to music tracks.

BT4 Removable Bluetooth Mic: This entire disc is the removable mic. It magnetically connects to the main base. When charging the Quattro 4.0, make sure to have the mic connected as this is how the mic charges.

Engagement +/-

Charging Pegs: These pegs fit into the charging contacts (dimples) on the Quattro 4.0 Base when the mic is attached to the Quattro 4.0 Base.

Charging Dimples: These holes are where the charging pegs are placed when the mic is attached to the base. The mic must be attached when charging the unit in order for the mic batteries to charge.

Battery Engage Switches: There is a battery engage switch on both the removable mic and the Base. This switch MUST be in the "0" position on both the Mic & Base for the unit to function. By switching to the "-" position, the battery is disengaged from the circuit. This switch does NOT need to be put in the "-" position. The purpose is to protect the integrity of the battery when stored in the warehouse.

Earbud Jacks: This jack accepts any 3.5mm audio only headsets. We package the Quattro 4.0 with our patented SmartSounds Ear buds.

Charge indicator: This light shows red when charging and turns to a solid blue when fully charged.

MFB Base Multi-function Button: This button is used to initiate & answer calls, turn the Quattro on & off, activate the LCD screen to view, pair the Quattro 4.0 to Bluetooth devices (i.e. mobile phone) switch between calls & initiate Siri or S-Voice for voice activation.

8-wire Neckloop: This cord hangs the Quattro 4.0 around your neck like a necklace. This is an 8-wire loop that connects to hearing aids with 1-coils delivering sound directly through the hearing aids when they are in t-mode.

Charging port: This is where you plug the micro USB charging cable in to the Quattro 4.0.

MMFB Microphone Multi-function Button: This button is used to pair the removable Bluetooth mic to the Quattro 4.0 base. It is also used to make a connection between the Quattro 4.0 base and the removable mic.

AURA ROOMS & SUITES: TAKE YOUR SEXY ESCAPE BEHIND THE VELVET ROPE

PULSE

CONTEMPORARY. FRESH. CURRENT.
Get in the batter's box, you're about to hit it out the park.

FAMILY BRUNCH CATERING PACKAGE

THE RESTAURANT

We are a family owned, independent restaurant that has been in business for over thirty years.

The restaurant was started with the idea of providing the highest quality, freshest homemade food in a family environment with affordable prices. On top of this we have always placed great value on strengthening the community around us.

LEARN MORE

DONATE TODAY FOR THOSE IN NEED

We are raising money to continue to serve our community at the highest level! In our first day we are proud to say that we sent over 200 meals to the seniors, families and kids needing a hot meal. We want to keep our employees active, and help them feed their families.

IS YOUR IT DEPARTMENT STUCK IN TECHNICAL SUPPORT?

 **Aptude**
CAN HELP

ROBOTIC PROCESS AUTOMATION

WHETHER YOU'RE USING THE LATEST APPLICATION TECHNOLOGY APPS OR WORKING WITHIN A LEGACY SYSTEM, RPA CAN BE OF GREAT ASSISTANCE.

 **Aptude**
CAN HELP

Welcome to Aptude

Leaders in Digital Transformation & App Modernization

We have highly qualified data scientists, full-stack developers and IT technicians for your next big project. With our staff strategically placed around the world, we offer onsite, offsite and nearshore agile trained developers to help facilitate all of your digital transformation and application modernization initiatives.

Finally, when it's time to support those services, our +1 and +2 resource model expedites qualified development resources that are ready to scale up with you.

[LEARN MORE](#)

App Modernization

Your infrastructure needs to be up-to-date with the latest software. Aptude specializes in digital transformation, building applications that integrate into the enterprise which meet all of your requirements.

[LEARN MORE](#)

Data Modernization

Make your data work for you. Whatever form of digital transformation your company needs, data visualizations, secure migrations, even moving from a data lake to a data warehouse, we can help.

[LEARN MORE](#)

Digital Workplace

As a Microsoft Certified Gold Partner, Aptude has the capability to architect and deploy comprehensive infrastructure solutions with Microsoft's technology stack, whether your data is on-premise or in the cloud. Work better by working with us.

[LEARN MORE](#)

Logistics

Today's global transportation leaders require real-time visibility to where freight is and when it will deliver along with any exceptions that might occur along the way. We specialize in the modernization of logistics app development and support.

[LEARN MORE](#)

Workflow Automation

Aptude's PPM solutions combine reporting, collaboration and productivity tools to manage your initiatives efficiently. RPA is used to automate workflow, reinforce infrastructure and more. The two out together make a terrific power couple.

[LEARN MORE](#)

Learn More...

Working within the complementary spaces of IT consulting and development, we're able to leverage our knowledge, experience, and expertise in project management to find the best solutions for you.

[LEARN MORE](#)

Data, Analytics & Business Intelligence

Our solutions help strategically evaluate and optimize your reporting services

Does your business intelligence (BI) application enable your management team to make better decisions? Do the managers in your organization have access to the information and analytics they need to understand business drivers? Perhaps you'd like to use your historical data to make dynamic, real-time decisions using AI and ML? Whatever form of digital transformation your company needs, we can help get your data under control.

[LEARN MORE](#)

Transportation Systems

Today's global transportation leaders require real-time visibility to where freight is and when it will deliver along with any exceptions that might occur along the way. Aptude caters to the logistics industry with key services to provide vital services to help eliminate downtime, reduce expenses, and visualize key data to operate efficiently among various teams within the organization.

With Aptude as your managed operations partner, we will help significantly reduce expenses and ensure shipments are delivered on time.

[LEARN MORE](#)

Shipment Leadtime (Days)	% of Total Shipments	# of Shipments	% of Shipments

DISCIPLINES

- 1 **Data Engineering**
Our Data Practice which focuses on preparing data so it can be used in data analytics, data visualization, or data science
- 2 **Data Architecture**
Experienced Guidance in how data is collected, arranged, integrated, and put to use in data systems and in organizations
- 3 **ETL Processes**
Extract, transform, load data from one database to another (usually, a data warehouse)
- 4 **Data Visualization**
Charts, graphs, maps, and dashboards that provide an accessible way to see and understand trends, outliers, and patterns in data
- 5 **Machine Learning**
Computer algorithms that improve automatically through "learning"
- 6 **Big Data**
Large volumes of data, both structured and unstructured
- 7 **Artificial Intelligence**
Algorithms designed to make decisions, often using real-time data
- 8 **Predictive Analytics**
Analyze current and historical facts to make predictions about future or otherwise unknown events
- 9 **Deep Learning**
A facet of machine learning based on artificial neural networks with representation learning
- 10 **Natural Language Processing**
A mix of linguistics, computer science, and artificial intelligence concerned with how to program computers to process and analyze large amounts of natural language data

- 11 **Data Warehousing**
Central repositories of integrated data from one or more disparate sources
- 12 **Data Pipelines**
Consolidate data from multiple sources and make it available for analysis and visualization
- 13 **Database Management**
Store, retrieve, define, and manage data in a database
- 14 **Technical Project Management**
Expert Program, Portfolio, and Project Leadership of your data projects

TOOLS

- 50 **PowerBI**
Microsoft data visualization and dashboarding tool
- 51 **Tableau**
Industry-leading data visualization tool
- 52 **Smartsheet**
Technical project management using Smartsheet
- 53 **Excel**
Powerful Microsoft spreadsheet tool

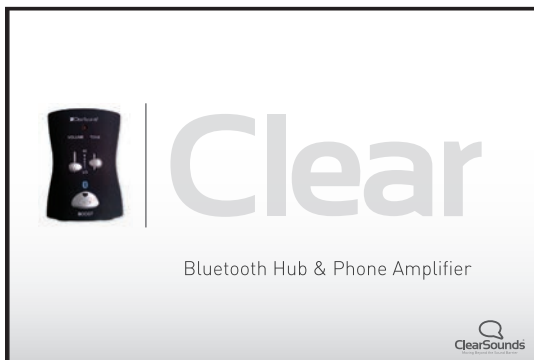

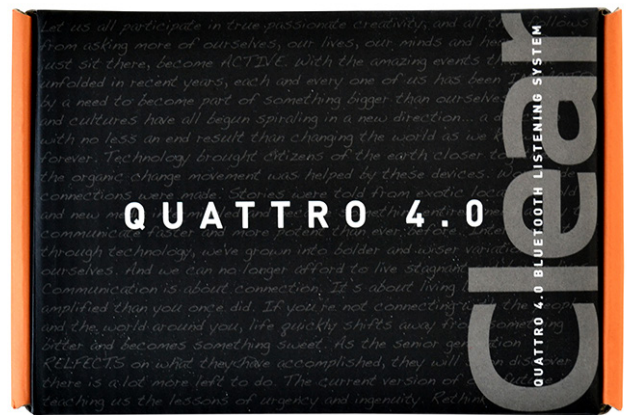

LANGUAGES

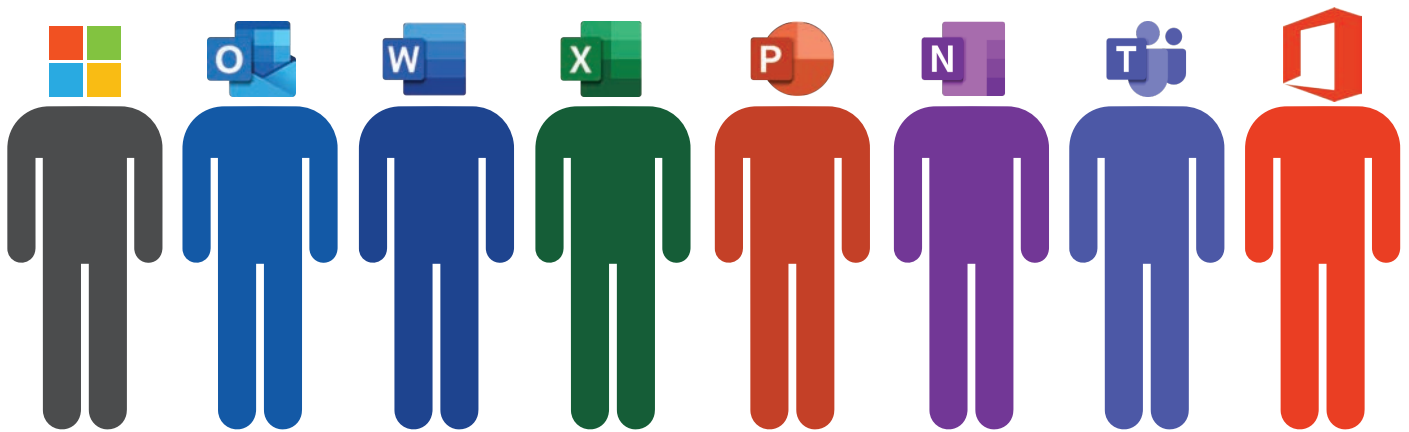

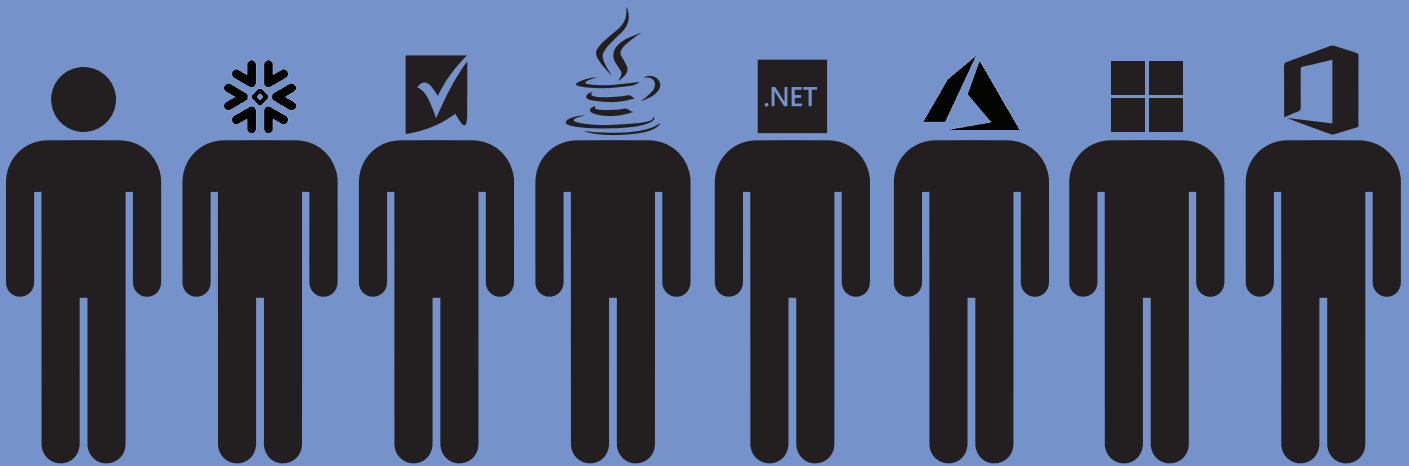

- 80 **Hadoop**
A robust Big Data programming framework
- 81 **Python**
Our preferred Programming Language for Data Science Projects
- 82 **Structured Query Language**
Programming language to manipulate data in your databases

Contemporary Chinese Ink Art

While many young artists from China are frustrated by the prevailing conservatism in their field, Su Yang challenges her national identity and rejects traditional reliance on brushwork and reinterpretation of the past.

She develops a style that resonates strongly with the traditional Chinese painting while making use of more globalized media and other forms of expressions. She states "I refuse to use conventional painting material, and added western painting material into my work allows me to combine ink and color in ways that are modern and abstract." Pushing the boundary even further, she creates a new expressive visual language in combining the use of physicality and sprite with personal feelings, in which significantly elevates her style away from just simple representation.

Inland Arts & Graphics
book
VOLUME No. II
2 0 0 3

www.inlandprint.com

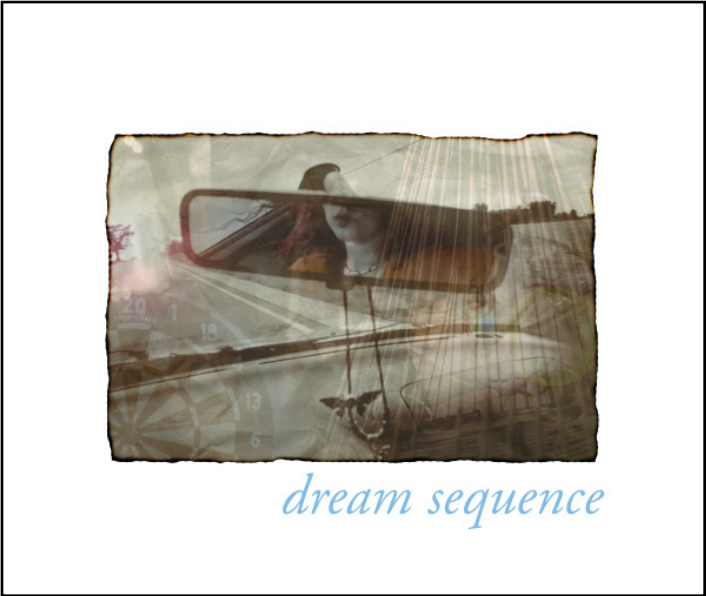

— — — — —

Y ou've put a lot of time and effort into your business. Your product is exactly what the market has been begging for, but you can't tell the world about it alone. Don't sweat it. You have the comfort of knowing that Inland Arts & Graphics is in your corner. We not only get the word out, but we work with you to make sure your business is represented as you've always seen it in your mind's eye; not only here and now, but into the future as markets and competition change. We're here to give you the time and effort you deserve to reach our mutual goal – your success. When you look good, we look good; and we love looking good.

— — — — —

R emember when you first imagined your business? Did your dreams live up to reality? Can you picture spreading your footprint over an even larger area, and be confident in your growth standing with your established and new clientele? But that takes time (something you don't always have) and a plan of attack. You want to know that your efforts are effective with your clientele. Good or bad, you need to know. Inland can elicit a customer response for you. Your advertising campaign is a significant part of your budget, and you want to know that your product will be seen. Imagination is the key to getting the results you need. It takes the stuff of dreams and awakens the consumer's mind. Let Inland Design put our imagination and creative power to work for you and your business, and let your grandest dreams become a reality.

standing out

I n this 21ST CENTURY world, we are over saturated with a constant barrage of advertising from all kinds of media. It just isn't enough to hope that your promotions will bring in customers and clients. You need a definite response rate in return for the money you are spending in advertising. A well designed promotional piece can increase your odds of customer response dramatically.

Twelve Common Data Problems Faced by Blue-Chip Companies

Siloed Data

Data held by one group or business unit that isn't shared by others

Poor Data Quality

Issues with data completeness or accuracy

Data Deluge

Too much data, especially unstructured data, resulting in data pools and data lakes

Data Duplication

Excessive copies of data that decreases storage capacity

Lack of Data Expertise

Having a team which can't implement data engineering, predictive analytics, machine learning, or big data solutions

Improper Data Linking

Lack of an ability to connect different data sets together to perform semantic queries OR data is improperly linked and thus less valid for decision-making

Data Entry Errors

Errors that are caused at the point of entry; can be transcription or transposition errors

Lack of Data Transparency

An inability to easily access and work with data no matter their location or application source

Cross-Team Misalignment

When your teams have different procedures, goals, and standards about data

Lack of Data Consistency

Lack of consistency in measurement of variables throughout the datasets

Lack of Visualization

Inability to tell data-driven stories or glean fast insights from data

Privacy Concerns

When data stored isn't secure or compliant with privacy laws and regulations

WELCOME

WEDDINGS

The Beach Cottages on Marrowstone is a place where one can find peace and sanctuary, and find themselves lost in a tranquil world surrounded by water and mountains. You won't find Wi-Fi here... or televisions... no distractions from the modern world. All you will find here is relaxation and serenity in a beautiful location.

Getting Here is Easy

Our Beach Cottages feel like you are far removed from civilization, without the three hour ferry wait to the San Juan Islands. **You can drive here in a little over two hours if you like... or take the ferry from Edmonds to Kingston.** Either way, we think you'll find our cottages are just far enough to make you feel removed from your world without feeling like you have to go to the end of the world to get here.

Our Pledge to both Sellers and Buyers of Accounting Firms

We are committed to confidentiality, professionalism, and thoroughness that you will not find in other firms. We have a commitment to transparency and integrity in all of our dealings.

We believe that in order for a transaction to be considered successful it has to be a win for not only the Seller (and very importantly the Seller's employees) and Buyer but most importantly the Seller's clients. We feel very strongly that the "fit" (personality, culture) has to work for everyone or the results of the sale will be less than optimal.

We put a lot of time and energy in getting the fit right. If we feel a buyer is not a right fit based on communication with the Seller we will express our concerns even if it might cost us a deal commission.

VALUATION EXPERTISE

We have attained the CVA designation and have valued hundreds of businesses.

CREATIVITY

We work with the Seller on creative deal structures if the Seller is not ready to sell 100% of his/her practice immediately

IN-DEPTH EXPERIENCE

We have personally purchased and sold CPA practices which enables us to advise our clients on how to avoid potential issues during and after the transaction

WE'VE OPERATED CPA PRACTICES

We know what buyers are looking for in a CPA practice so we can help you structure your practice for sale even if you are not planning to sell your practice immediately.

MORE IN DEPTH SALES DOCUMENT

We can talk the accounting language with both buyers and sellers and discuss financial metrics that are unique to a CPA firm

TRANSITION ASSISTANCE

We can assist in the transition planning as we have actually performed the transitioning of clients on both the buy and sell side.

We put a lot of time and energy in getting the fit right. If we feel a buyer is not a right fit based on communication with the Seller we will express our concerns even if it might cost us a deal commission.

Buying a Practice?

MORE THAN JUST A PHONE CALL

Every transaction is unique. We attempt to understand the seller's motivations in the sales process and structure the deal to meet the seller and buyers goals.

YEARS OF EXPERIENCE

Marty Staniszewski has been responsible for more than \$100 million in acquisition & sale transactions over the course of his over 30+ years experience in finance and accounting.

list of services

Things you should know to fully Unwind...

- Arrive 15 minutes early for your first appointment to fill out new client information and prepare for your therapy session in our massage studio.
- For subsequent visits, please allow enough time before your appointment to prepare for your therapy session.
- Prior to your massage, please remove necklaces, watches, bracelets and earrings. Rings may be left on.
- Please turn cell phones to silent.
- Warm, moist towels are available to freshen up before your massage.
- Clients must be at least 18 years of age.
- Please disclose any medical conditions (such as recent surgeries, injuries, diabetes, varicose veins, high blood pressure, medications, etc.) which might affect your massage.
- If you must reschedule, 24 hours advanced notice is greatly appreciated.
- We accept Visa, MasterCard, Discover, American Express, debit cards and cash, but can not accept checks.
- Gratuity envelopes are available at the reception desk.
- To Unwind at home, mix and match your own combinations of our gourmet bath salts which are available for purchase by the pound.
- Our therapists have the right to end a massage session due to inappropriate behavior by a client.

massages & treatments

Swedish Massage

Medium pressure massage with warm towel foot pampering treatment included, if desired. Perfect for relaxation and stress reduction.

50 minutes 69.00
80 minutes 99.00

Deep Tissue Massage

Focused, deeper pressure targeting specific areas, with heat packs included. 80 minutes suggested for full-body attention.

50 minutes 80.00
80 minutes 120.00

Sports Massage

Similar to Deep Tissue with added stretching. Ideal for athletes in training, weekend warriors, or stiff and sore newbies.

50 minutes 80.00
80 minutes 120.00

Hot Stone Massage

Therapist uses hands as well as warm, smooth stones to Unwind tension in this heat-induced relaxation massage.

80 minutes 115.00

25-Minute Massage

A quick tune-up for specific problem areas

Neck and Back 35.00
Head, Neck and Feet 35.00

Pregnancy Massage

Swedish-style massage designed to relieve pregnancy-associated physical discomfort and reduce stress. Performed with a doctor's note, after the first trimester.

50 minutes 69.00
80 minutes 99.00

Additional Treatments

15 Minute Dry Brushing Treatment: promotes circulation, lymphatic drainage, and detoxification, and better prepares skin for moisturizing. Done at the beginning of the massage.

Add 15 minutes 17.00

Massage Enhancements

Aromatherapy Oil Blends **6.50**

- Unwind ○ Lavender ○ Calm
- Awaken ○ Muscle Relief

100% Natural Shea Butter/Jojoba Oil Blend or
100% Natural Cocoa Butter/Jojoba Oil Blend
(depending on seasonal availability) **6.50**

All of our treatments are available for couples. Our dual therapy room can accommodate you and your partner, each with your own massage therapist. Pricing is per person, per massage type.

IN THE RED.

Infrared.

WHAT'S WRONG WITH THESE PICTURES?

PRECISION BUILDING SERVICES INC.

Actually, Nothing.

The Infrared photos are just fine.

However, you won't know what's wrong until we take the picture.

Think about this for a moment...

- How can you tell if your walls are fully insulated?
- How can you find places where water is collecting under your roof?
- How can you tell if the conditions are right for mold to grow inside your walls?
- How would you know if one wire in a cluster of several dozen is damaged?

Finding problems fast & easy.

Precision Building Services visits your site & shoots a THERMOGRAPH IMAGE that will show you precisely...

- Where your structure is wasting energy.
- Where you can repair sections of your roof without replacing it entirely.
- Wherever any kind of invisible unsafe condition exists.

Why gamble? In very short order, our certified infrared thermographers can walk through your place & point out problems and then proceed to fix them. You'll save tremendous amounts of money in energy, disaster, and insurance costs. After all, do you actually think energy costs are going to reduce anytime soon? Not likely. Call Mike Bandza today, and start saving money.

Call now, save money.

YOU WON'T GO IN THE RED WITH OUR INFRARED.
